Frontend Developer | React, TypeScript & AI Integration

Frontend-focused developer specializing in React, React Native, and TypeScript, with experience building modern, high-performance web and mobile applications. Proven ability to develop and deploy production-ready applications, including AI-powered platforms. Strong focus on user experience, scalable architecture, and real-world problem-solving.

TECHNICAL SKILLS:

- **Frontend:** React.js, React Native (Expo), Next.js, TypeScript, JavaScript, HTML, CSS
- **Backend:** Node.js, Express.js, Firebase (Firestore, Auth)
- **AI & APIs:** OpenAI API, Prompt Engineering, REST API Integration
- **Database:** Firestore, MongoDB
- **Tools:** Git, Postman, Bubble, Excel, Debugging, CI/CD
- **Other:** Responsive Design, State Management, React Navigation, Mobile App Development

PROFESSIONAL EXPERIENCE

Freelance Frontend / Full-Stack Developer

2023 - Present

- Built production-ready web and mobile applications using React Native, React, and TypeScript
- Developed responsive, user-focused interfaces for AI-powered nutrition and wellness platforms
- Implemented AI-driven features including food image analysis and personalized insights
- Designed scalable frontend architecture and integrated backend APIs and Firebase services
- Built adaptive user experiences including nutrition tracking, activity tracking, and health scoring
- Integrated subscription and premium feature systems using RevenueCat
- Collaborated across the full development lifecycle from UI design to deployment
- Prepared and deployed production builds for App Store and Google Play release

Key projects:

- **Nutraxis – AI-powered nutrition & wellness mobile application (React Native, Node.js, Firebase)**
 - Built a full-stack mobile application with AI-driven food analysis and personalized insights
 - Implemented image-based food recognition to estimate calories and macros
 - Developed AI Coach generating recommendations based on user activity and goals
 - Designed backend APIs and integrated Firebase for real-time data storage
 - Built adaptive tracking features including nutrition, activity, and health scoring
 - Prepared application for App Store and Google Play release
- **Style & Beauty – E-commerce platform (Web + Mobile) (Next.js, React Native)**
 - Developed cross-platform application using Next.js and React Native
 - Built responsive UI and optimized user experience for product browsing and checkout
 - Delivered production-ready applications deployed on web and App Store
 - App Store: <https://apps.apple.com/ca/app/style-beauty/id6758415862>
 - Website: <https://www.stylebeauti.com/>
- **Farm Management System – Full-Stack Case Study**
 - Developed RESTful APIs using C# (.NET 8) with structured backend architecture
 - Built React frontend consuming backend services
 - Implemented CRUD operations and deployed backend using Docker and Render

ALALEH KASHAN

Montreal, QC | 514-581-4505 | alaleh.kashani34@gmail.com

- **Vistelle** – AI-powered interior redesign application
 - Designed frontend flows for AI-based image generation and customization
 - Built UI for user input (style, materials, lighting, budget)
 - Integrated AI backend responses into interactive frontend experience
- **Word Nexus – Multilingual puzzle game (Unity, C#)**
 - Designed UI and gameplay interactions for a bilingual mobile game
 - Focused on user experience and engagement

WITT Hub | Ottawa, Canada | **Front-End Developer**

Jan 2024 – Aug 2025

- Developed and maintained a React-based web application for a co-parenting platform
- Built reusable, responsive UI components to improve user experience
- Integrated backend APIs and managed application state
- Collaborated with cross-functional teams to deliver production-ready features
- Followed agile workflows with iterative development and testing cycles

Freelance | **Web UX/UI Designer & Developer**

2021 – 2023

- Designed and developed responsive websites using HTML, CSS, JavaScript, and WordPress
- Conducted UX research and improved user engagement by ~20%
- Created wireframes and prototypes using Figma

EDUCATION

- **ACS in Web Design & Development** | CDI College, Montreal, Quebec
- **Certificate in English Language** | TELUQ, Montreal, Quebec
- **Certificate in French Language** | The University of Montreal, Montreal, Quebec
- **Bachelor of Computer Science** | Azad University, Tehran, Iran
